2.1 - Quorum

The quorum for any meeting of the Committee shall be three (3).

Similar arrangements apply in relation to relevant meeting documentation where such documentation is not made available to the Committee member. This shall be noted in the minutes of the Committee meeting.

It is authorised to seek any information, including documentation, it requires from any employee or agent of Ervia (including its subsidiary companies) to enable it to discharge its responsibilities.

The Committee may obtain external legal or other independent professional advice if considered necessary. It shall have access to adequate funding to enable it to discharge its duties. The Committee is authorised, subject to the approval of the Board, to co-opt

additional members to provide specialist skills, knowledge and experience if considered necessary.

Section 4 – Duties and responsibilities

The Irish Water Business Plan contains a number of key objectives, one of which is the transformation of water services delivery in Ireland. The SPU Programme is the transformation programme that will implement the new and transformed water services delivery model. This will involve moving from the 32 organisation SLA based operating model to a single public utility organisation structure and ways of working. The SPU Programme's objectives are to plan, and implement, the single public utility operating model so that it can perform in line with European norms (customer service, operational and environmental performance, costs). This will involve standardising processes and systems and applying a standard consistent approach to operating and maintaining the water and wastewater network. The new national approach to planning and delivery of vital infrastructure will further strengthen this transformation.

The Committee's main duties and responsibilities are:

- a) to review management's proposals for implementing the single public utility and to challenge and support these proposals. This challenge and support will play a significant role in ensuring the successful implementation of the single public utility.
- b) to approve minutes of Committee meetings;
- c) to work and liaise as necessary with all other Board committees; and
- d) to perform any other duties or responsibilities expressly delegated to the Committee by the Board.

Section 5 - Reporting Procedures

The Chairperson shall report formally to the Board after each Committee meeting on all matters within its duties and responsibilities.

The Committee shall compile an annual report to the Board for inclusion in the Ervia Annual Report describing its membership and its duties and responsibilities.

Ervia management shall ensure that all information relevant to the discharge of its responsibilities is provided to the Committee (and as requested by the Committee). Management shall also ensure that matters of material concern that are relevant to the Committee's responsibilities are brought promptly to the attention of the Committee.

Section 6 - Review

On an annual basis, the Committee will review the effectiveness of its operations and report to the Board on its findings and recommendations.

The Committee will also annually review these terms of reference at least annually and make recommendations on updating or amending them to the Board as appropriate.
